

South Florida's got Talent

ETBS 16

16<sup>th</sup> Annual Emerging Technology Business Showcase

NOVEMBER 14th 2013

HILTON DEERFIELD BEACH

8AM - 8PM

As part of the 16th Annual Emerging Technology Business Showcase, local emerging companies will be bringing their innovation to the stage at this year's "South Florida's Got Talent" conference. The Enterprise Development Corporation is working in conjunction with the South Florida Technology Alliance to present some of the best and brightest leaders in cutting edge technology dedicated to supporting the economic strength and helping the technology community in our region. From investor pitches to product demos, these companies will show off some of South Florida's unique assets. Over 200 professionals will gather to network with potential clients, partners and investors, and continue to drive towards entrepreneurial excellence in our region.

#### Keynote Speakers

**Dr. Alejandro Badia, MD, FACS**, is currently the head of the Badia Hand to Shoulder Center in Doral, Florida and previously served as chief of hand surgery at Baptist Hospital of Miami. Dr. Badia studied physiology at Cornell University and obtained his medical degree at NYU, where he also trained in orthopedics. Recently, Dr. Badia inaugurated OrthoNOW, a center that was officially franchised this year and is actively engaging healthcare entrepreneurs and surgeons, here and abroad to open orthopedic urgent care facilities.

**Dean Hovey**, President and CEO of DigiFit, over the past 30 years has helped start 12 technology based companies and has held senior executive team positions in two public companies. During the early nineties Dean served as general partner of Avalon Ventures, a premier seed venture capital fund who formed attractive deals with unprecedented success rates. Dean co-founded the Product Design consulting firm now known as IDEO in the late seventies and is the author of several patents including the patent for Apple Computer's mouse.
